- Introductions
  
- Quantifying the Issue of Piracy and Misusage of Data–  
  
Could results from a member survey provide us with substantive information in educating our targeted audience(s)?  
Do we seek answers to influence regulators? Inadvertents? Rationalizers?  
What would we ask in a member survey?
  
- ICANN – Internet Corporation for Assigned Names and Numbers  
  
Do changes in options for naming websites put Content Providers at increased risk now?
  
- Other Business
