Business Intelligence or Analytics Solutions

GoodData

GoodData is the world's fastest-growing cloud-based Business Intelligence (BI) platform-as-a-service. We help convert big data into profitable insights and strategies for business executives. To learn more about GoodData, visit their [website here](#) .

Indicee

Indicee's cloud BI platform is a complete analytics service built for the cloud by the visionaries that built Crystal Services. The Indicee platform is the easiest way to embed reporting in other applications and for businesses to combine cloud and on-premise data and get answers. To learn more about Indicee, visit their [website here](#) .

LogiXML

LogiXML gives IT professionals the fastest way to create BI applications, deploy scalable dashboards and reports, and embed analytics into applications – for far less than other solutions. Unlike traditional Business Intelligence platforms, LogiXML technology lets you rapidly develop, deploy, and adapt BI applications without extensive development or professional services. To learn more about LogiXML, visit their [website here](#) .

MarkLogic

MarkLogic leads the advancement of Big Data with the first operational database technology for mission-critical Big Data Applications. Customers trust MarkLogic to drive revenue and growth through Big Data Applications enabled by MarkLogic products, services, and partners. To learn more about MarkLogic, visit their [website here](#) .

Vizu

Vizu provides solutions that allow advertisers and publishers to measure and optimize brand lift in real-time. To learn more about Vizu, visit their [website here](#) .

Business Management Solutions

Acumatica

Acumatica is an innovative company that develops Cloud ERP software designed to improve the productivity of mid-sized organizations. Using Acumatica, clients can access their business applications and documents from anywhere using any popular web-browser. To learn more about Acumatica, visit their [website here](#) .

ExpressMetrix

Express Metrix, a veteran in the IT asset management space for over a decade, focuses on serving organizations whose needs for accurate, comprehensive IT asset reporting and trouble-free management aren't met by enterprise-oriented framework products or less sophisticated inventory tools. Winner of the SIIA's 2008 CODiE Award for "Best Asset Management Solution," Express Metrix is a Microsoft Certified partner and is certified Citrix Ready. To learn more about ExpressMetrix, visit their [website here](#) .

KeyStone OnDemand

KeyStone OnDemand provides a training platform that merges the best Learning Management System (LMS), Knowledge Base and Self-Service features into a Software-as-a-Service (SaaS) platform to increase user adoption, loyalty and retention of custom applications through training. To learn more about KeyStone OnDemand, visit their [website here](#) .

MarkMonitor

MarkMonitor uses a SaaS delivery model to provide advanced technology and expertise that protects the revenues and reputations of the world's leading brands. Customers choose MarkMonitor for its unique combination of industry-leading expertise, advanced technology and extensive industry relationships to preserve their marketing investments, revenues and customer trust. To learn more about MarkMonitor, visit their [website here](#) .

MessageSolution

MessageSolution provides personalized Software-as-a-Service advisory services designed to help SaaS-based and non-SaaS-based software companies to optimize their business models, improve revenues, control costs and deliver world-class software. To learn more about MessageSolution, visit their [website here](#) .

Plex Systems
