

SIIA Content Division Working Groups are a great way for employees of [SIIA Member organizations](#) to get involved, leverage their membership, stay in the know, and to get to know their industry peers. Working Group participants work shoulder-to-shoulder with leaders from other companies to create initiatives that address priority issues facing the Content industry.

To learn more about specific working groups that are active in the Content Division, please click on any of the links below. If you are part of an [SIIA Member organization](#) and would like to join any of our working groups below, please contact [Jenny Hansen](#)
