

SIIA devotes substantial resources to assessing and interpreting policy and legislative changes promulgated in Washington and state capitols. Members benefit from these SIIA resources:

- [Ed Tech Government Forum](#) : Join your peers in Washington, DC to meet with national education leaders and get the latest analysis on federal and state policies.
- [Education & Workforce Development Committee](#) - Stay abreast of the many legislative and policy initiatives impacting the ed tech market.
- SIIA-organized forums and briefings: As policy developments occur, SIIA convenes key stakeholders to provide members with timely analysis and updates.
 - The Impact of the Federal Stimulus on Education - This Feb. 2009 webcast provided members with early insights into \$100 billion in education spending contained in the President's stimulus plan.
 - Using Evidence for a Change: The Federal Role in Education - This 2008 forum engaged policymakers in a discussion on the use of evidence to assess policies to stimulate innovation in the industry.
