

FISD members recognize the importance of financial information industry professionals to the financial services industry. FISD is seeking to make it easier for companies to identify them. On this page, FISD provides links to job boards, employment services, job listings, and other job search tools that are offered by FISD members.

Job Search Tools

[LakeFrontDataJobs](#) supports the community of financial information and data management professionals with a confidential and secure web-based job connection service. It is free for people posting resumes/searching for jobs. LakeFrontDataJobs offers a global reach with jobs and resumes searchable using domain-specific criteria matching hundreds of financial information & data management skill areas.

Member Job Postings

FISD members seeking to fill financial information positions within their own company may post links to those listings on their own web site. If you are an FISD member and would like to post a link to your web site, please contact [Amanda Sawney](#) +1 (202)789-4466.
