

In response to recent events in the financial information sector, FISD has created a LinkedIn Group for members.

To join the FISD LinkedIn Group, connect to the [LinkedIn Home page](#), and select Groups. On the upper right hand side of the Groups start page there is a block titled “Groups Directory” with a button labeled “Find a Group”. Click the button and enter “FISD” in the search box. Click to join the Group and we’ll confirm your membership status. (This is limited to FISD members only).

If you are not already on LinkedIn, you can still create an account and join the FISD group. Click [here](#) to join.

Over 25 million professionals use LinkedIn. We encourage all members to participate and stay connected to industry friends and colleagues.
