4:00PM-4:30PM **Registration/Networking**

4:30PM-6:00PM **Program:**

#### **European Consolidated Tape - QUICK UPDATE:**

Stephen McGoldrick, **Deutsche Bank**, Director Market Structure - Equities  
- *An update on the recently formed European Consolidated Tape Group*

Andrew Allwright, **Thomson Reuters**, Business Manager, MiFID Solutions

- *An update on the recent FESE MMT initiative and on joint initiatives between Thomson Reuters, Bloomberg and NYSE Technologies with respect to establishing standards to deliver consistent consolidated tape data across multiple consolidators*

#### **Cross Asset Class Briefing**

In a trading world that increasingly looks to multiple asset strategies FISD lifts the covers on asset classes beyond Equities. While Equities remain of great interest, more and more they are used in combination with other instrument types.

#### **PANEL 1 - Illuminating Fixed Income**

Exploring the sometimes opaque world of Fixed Income securities our panel will look into how transparency is evolving and what changes might be afoot given new regulation that may be imposed by the likes of the EU MiFID Review. Our panel would also explore the impact of groups like the Cassiopeia Committee and consider how the growth in electronic markets has

impacted the visibility of this asset class. Furthermore, what are the differences and similarities of Fixed Income when compared with Equities?

*Moderator:*

Roger Barton, **Financial Reform Consultancy**, Founder and MD

*Panelists:*

Anthony Belcher, **Interactive Data**, Director - European Fixed Income

Ben Fortunato, **Tradeweb**, Managing Director - Market Data

Fabrizio Testa, **MTS Markets**, Head of Product Development

### **PANEL 2 - Engaging with Commodities and Energy**

This panel will debate and discuss how this diverse asset class operates and the market data challenges and opportunities it poses. Given a lot of the macroeconomic and geopolitical turbulence the world has recently experienced this panel will take a special interest in the part commodities and energy has to play and how we in the data business have risen to the occasion.

*Moderator:*

Andrew Miller, **Arcontech plc**, CEO
