

FISD has created the RegBeat bulletin to summarize for FISD members the latest developments in the regulatory and public policy space that are likely to impact the financial information industry. FISD has contracted with JWG, an independent think tank, to produce this bulletin exclusively for FISD members. We expect to publish RegBeat on approximately a monthly basis. We welcome feedback from members on ways to make the bulletin more useful for you and your colleagues. Let us know if there are topics that should be added (or subtracted). Contact [Tom Davin](#) with these and any other comments that you have.
