

SIIA's Education has many resources available for members and non-members. Highlights include:

[Webinar Archive](#)

We host several webinars a year to explore topics of interest to the ed tech industry. With an initial focus on innovation, these 30-60 minute webinars provide an environment where you can learn and hear updates on industry trends while networking with peers. Our [webinar are recorded](#) and made available to our member along with the corresponding slides on our Archive page. You may also view and register for upcoming events by visiting our [Events page](#).

We want to continuously improve our offerings! Contact [Liderby Portorreal](#) and let us know which topic(s) you would like to see covered in future webinars.

[Publications](#)

[Search](#) our leading publications that keep you and your customers' current on educational trends as they happen. Many of our publications are free or sold at a reduced rate to SIIA members.

[Resources for Educators](#)

We support the efforts of today's educators to equip their students and classrooms with the tools needed for success in the 21st century. As the voice of the ed tech industry, we take a leadership role in making this diverse and evolving field as clear and manageable as possible. Through the resources found on this page, educators are able to identify ways to effectively apply the vast array of educational content, services, and software this industry has to offer.

[Blogs](#)

The SIIA Education Division provides [blogs](#) to explore topics of interest to the ed tech industry. [Check out our posts](#) on various topics - from new industry trends and hot topics to our recent policy work and upcoming conferences and events.
